KIMBERLEY RELIEVED.

French With Cavalry Enters the Beleguered Town.

HAD SMALL FIGHTS.

He Took Boers by Surprise and Made a Rush for the Town—Boers Lose Cattle and Sheep at Another Point.

Cape Town, Feb. 16.—General French with cavalry relieved Kimberley Thursday.

London, Feb. 17.—While there is tremendous satisfaction and jubilation here at Roberts' and French's successes, those best suited to judge the situation are inclined to the opinion, pending more definite information, the news had better be regarded as assuring, than as accomplishing the relief of the beleaguered city of Kimberley. A careful study of the ambiguity of the wording of Roberts' dispatch leads to the belief that the actual relief of the place is still a matter of time. Kimberley, it is pointed out, can scarcely be termed relieved till it is feasible to take provisions there. The rapidity of French's march indicates that he was unable to do this, and whether he left his lines behind him open, is only a matter of surmise.

The following is Lord Roberts' message to the war office:

"Jacobsdal, Feb. 16.—French with a force of artillery, cavalry and mounted infantry reached Kimberley Thursday evening."

It is considered most probable that Roberts' and French's brilliant tactical success, for such it is, under any circumstances, resembles the first relief of Lucknow, when the dispersal of the enemy's forces was by no means immediately effected.

Another remarkable feature of Roberts' laconic cablegram is the fact that it is dated at Jacobsdal, which was Cronje's advance base of supplies, yet no word explaining the British commanders presence there, nor word of any opposition which he or French encountered. Had Roberts inflicted a

decisive defeat on the Boers it is believed he would have mentioned it as such success would be greatly paramount to the relief of Kimberley or the throwing into the place of the garrison, which could assure it holding out. However, French's entry into Kimberley has been effected and doubtless brings joy to hearts of those who have been shut up in the city 122 days. Their defenders number about 4000 while French's force is estimated at between 6000 and 8000. The Sixth and Seventh divisions have already crossed the river and are probably with Roberts at Jacobsdal.

GENERAL FRENCH.

What has happened to Cronje and the whereabouts of his forces puzzles experts. A dispatch from Cape Town dated on Wednesday says: "The Boers are leaving Magersfontein to reinforce other positions. It is estimated that between 7000 and 10,000 men remain there. Roberts' wide turning movement via Jacobsdal may have cut off these troops from Bloemfontein, but while the British forces are endeavoring to intercept Boer communications there is a parallel Boer column trying to cut off the British lines to DeAar and apparently meeting some success, though later dispatches referring to Clement's retirement to Arundel say the movement is undertaken for strategic purposes and that during the course of the march the Boers were driven off by a heavy fire. The Inniskillings charging brilliantly, inflicting great loss on the burghers. A Boer dispatch via Lorenzo Marques dated Thursday, says an initial attack on Colesberg Feb. 12, resulted in the federal loss of 9 men killed, 14 wounded and five prisoners. The British, it is added, were driven out of their camp

and one of their Maxims captured. The news of French's entry into Kimberley was received on the Stock Exchange with rousing cheers. No boom in stocks were created, but a satisfactory strong undertone prevailed. De Beers rose to 14 but subsequently fell 12 on a Paris rumor that French had merely fallen into a Boer trap.

A mutilated dispatch from Cape Town, dated Wednesday, says some grandiers went through a body of 80 Boers four times and only 17 of them escaped. As the grandiers form a part of the Modder river Column, this bayonet charge may be connected with Robert's movement.

FRENCH'S MARCH.

He Surprised the Boers and Pushed His Way to Kimberley.

Reit River, Feb. 14.—General French, in command of the cavalry division, and with a strong force of horse artillery, left Modder river Sunday morning for Ramboan, 12 miles east of Enslit, where the whole division was concentrated. Next day he made a rapid march to Reit river where a party of Boers contested his passage at Dekiel and Waterfall drifts. After some hours of shelling French drove the Boers away and crossed the river.

Tuesday the column continued to march to Klip and Komdaval drifts on Modder river, where again a short engagement ensued, French shelling the Boers vigorously and forcing the Boers away, secured the passage. The Boers precipitately retreated, leaving five laagers in the hands of the British, besides a great quantity of cattle and 2000 sheep. The rapidity of French's march and the overwhelming nature of his force enabled him, in spite of the difficulties of water transportation, to thoroughly outwit and surprise the Boers. The British casualties are slight.

FROM LADYSMITH.

An Escaped Newspaper Correspondent Tells the Condition There.

London, Feb. 16.—A correspondent of the Associated Press at Ladysmith from which place he escaped Feb. 10, and arrived at Durban Wednesday sends the following, written before he left Ladysmith:

"Since the furious cannonade in the early part of the week, quietness reigned. The hills on which were relief columns and where lyddite shells were bursting in hundreds a few days previously are now only occupied by grazing cattle. Further away on the north side of Spion kop, Boer laagers can be seen evidently bigger than before, showing that they have no idea of retiring from their position. Much disappointment was felt at the non appearance of Buller, as from the severity of the fire every heart was glowing with hope and excitement at the prospect of immediate relief, not that we all have the blues for every one capable of shouldering a rifle is confident of our ability to hold the town against any force the Boers are now capable of putting in the field. Still the continued diet of horse and mule flesh is getting somewhat monotonous, although the health of the camp, taking everything into consideration, is better than could be expected. Enteric fever and dysentery have abated. Camp fever is virulent, but slightly increased."

The escape of the Associated Press correspondent was most adventurous and arduous. Leaving Ladysmith on the evening of Feb. 10, guided by a native, he soon encountered a Boer patrol, who fired upon him. Escaping the patrol, he crawled 22 miles of the roughest and stoniest paths, hiding in native huts and kraals during the day, and proceeding at night. Once the Boer patrol came to the door of the hut where he was hiding under blankets. He swam the Tugela river and reached Chieveley on the morning of Feb. 13, where he took the train for Durban.

Boers Again at Rensburg.

Arundel, Feb. 14.—General Clements withdrew from Rensburg during the night, the rear guard arriving at Arundel early this morning. The Boers promptly followed, reoccupying their old position in Taaibosch hills, whence they have been shelling the British cavalry patrols, but ineffectually. The British returned the fire, making a fairly accurate practice.

Nearly Fifty Additional Warships.

London, Feb. 16.—A telegram from Portsmouth says admiralty inquiries at naval ports resulted in the assurance that 57 additional battleships, cruisers and torpedo boat destroyers would forthwith be hoisted the pennant. The admiralty has ordered the ships in a fleet reserve at Portsmouth to be fully crewed and ready for sea. This is regarded in some quarters as preliminary to putting the whole reserve in readiness for commission.

Alarm at Naauwpoort.

Cape Town, Feb. 16.—There is considerable alarm at Naauwpoort owing to the report that a Boer force has occupied a position on a hill eight miles from that town.

A Corner on good things

will be found at our store. If you don't believe it, take a peep inside

THE FINANCIAL BILL.

Senate Passes its Substitute for the House Measure.

VOTE WAS 46 TO 26.

One Republican Voted Against the Bill and Two Democrats for it—Free Silver Substitute Defeated by a Vote of 47 to 28.

Washington, Feb. 16.—The senate substitute for the house currency bill was passed by the senate yesterday by the decisive majority of 46 to 26.

Prior to the final passage of the bill amendments were considered under the 10-minute rule. Only two of these were adopted, viz: One offered by the finance committee keeping the door open to international bimetalism and one by Mr. Nelson of Minnesota providing for national banks with \$25,000 capital in towns of not over 4000.

The vote as taken on the various amendments offered were practically along party lines. Mr. Chandler (Rep. N. H.) voted for the bimetallic amendment, but against the bill. Mr. Caffery (Dem. La.) and Mr. Lindsay (Dem. Ky.) voted against the committee amendment, but for the bill. Mr. Kyle of South Dakota was the only senator who did not vote and was not paired.

The free silver substitute offered by Mr. Jones, the leader of the Democratic side, was defeated by a majority of 19, the voting being 47 to 28.

The bill as passed consists of 10 sections.

It provides that the dollar of 25 8-10 grains of gold nine-tenths fine shall be the standard unit of value and that all forms of United States money shall be maintained at a parity with it and that treasury notes and greenbacks shall be redeemable in gold.

The secretary of the treasury is authorized to set apart a fund of \$150,000,000 in gold to redeem these notes and to maintain the fund above \$100,000,000.

It shall also be the duty of the secretary of the treasury, as fast as silver dollars are coined, to retire an equal amount of the treasury notes and to issue silver certificates against the silver so coined. Under certain provisions, too, gold certificates shall be issued against the gold held in the treasury.

No United States notes or treasury notes shall be issued in denominations of less than \$10 and no silver certificates in denominations of more than \$10.

The secretary of the treasury is authorized to refund the bonded debt of the United States in 30-year bonds bearing 2 per cent, the principal and interest of these bonds to be paid in gold. The 2 per cent bonds shall be issued at not less than par.

Any national bank, by depositing with the United States bonds of this country shall be permitted to issue circulating notes to the face value of the bonds deposited, no bank being allowed to issue circulating notes in excess of the amount of the paid in capital stock of the bank.

After the passage of the financial bill the senate made the Hawaiian government bill the unfinished business.

The house completed 26 of 124 pages of the legislative, executive and judicial appropriation bill without amendment. During the general debate which closed at 4 o'clock a variety of topics were touched upon. Mr. Boutell of Illinois, Mr. Miers of Indiana and Mr. Showalter of Pennsylvania, discussed the Philippine question; Mr. Grosvenor of Ohio and Mr. Gillette of Massachusetts, civil service reform; Mr. Driggs of New York, pensions and Mr. Underwood of Alabama, his resolution to repeal the fifteenth amendment to the constitution.

PARTIALLY DENIED.

Macrum's Statement Cause State Department Officials to Make Denial.

Washington, Feb. 16.—While state department officials are averse to discussing the published statement of ex-consul Macrum, it is authoritatively stated that a search of the records failed to show that Mr. Macrum had ever reported to the department that his official mail was being regularly tampered with by the British authorities. It was said that he did, in a general way, report that both official and private mail intended for American citizens did not reach him punctually and asked that a protest be made on account of this rather arbitrary proceedings on the part of the postal authorities. The department investigated the matter and learned that no unnecessary delay existed and does not credit the statement that any correspondence, official or otherwise was opened, inspected and delayed by the British authorities.

House Rejects Amendments.

Washington, Feb. 16.—The house disagreed to the senate amendments to the currency bill and a conference has been ordered.

Arkansas Republican Convention.

Little Rock, Feb. 16.—The Republican state central committee of Arkansas has called a state convention for March 20 in Little Rock to elect delegates to the national convention in Philadelphia.

Given Two Years.

Belton, Tex., Feb. 16.—The case of Will Boyd, charged by indictment with burglary, was tried in Judge Furman's court and the defendant was given two years in the penitentiary.

TEXAS LEGISLATURE.

The House Changes its Rule as to Consideration of the Tax Bill.

Austin, Feb. 16.—The house yesterday changed its way of considering the tax bill and till otherwise changed will be considered by chapters instead of sections. An effort to fix a time for final vote failed.

The pending business was the oath as to the rendition of taxes. This was finally left as placed by the commission, except the insurance form was eliminated.

The night session was fruitless. The senate took up the general deficiency bill and finally passed it with the emergency clause attached.

The senate next considered Mr. Stafford's bill placing in the hands of the counties the printing of all blanks and receipts used in the assessing and collecting of taxes.

Amendments by Messrs. Miller and Terry were adopted providing that such printing bear the printer's union label, where practicable.

The bill was finally passed by a vote of 16 to 11.

The double-header bill was finally disposed of by the senate, after a clause was inserted giving the railroad commissioner power to regulate or abolish the double-header system on railroads.

AGAINST OFFICEHOLDERS.

In the Selection of Delegates Others Should Be Given Preference.

Washington, Feb. 16.—Secretary Charles Dick of the national Republican committee has sent the following letter to Chairman E. H. R. Green of the Texas state Republican committee, in reply to an inquiry from the latter in regard to the accrediting of Federal officeholders as delegates to the national Republican convention:

"In reply to your esteemed favor of recent date, I would say that while the national committee does not assume to interfere with the selection of delegates, yet in order to avoid adverse criticism, it is deemed advisable that, so far as practicable, delegations to the coming national convention should be composed of those not holding Federal appointments.

"There are, of course, justifiable exceptions to this rule, but public sentiment dictates that Federal officials shall not be too prominently identified with the management of political conventions.

"In view of this consideration it is hoped that the coming convention may be free from the criticism which has some times obtained where a large percentage of the delegates were officeholders under the government."

ATTEMPTED HOLDUP.

Messenger Stood Off the Robbers, But He Is Badly Wounded.

Benson, Ariz., Feb. 16.—The New Mexico and Arizona passenger train which left Benson last night for Nogales, was held up by masked robbers at Fairbanks, 20 miles below Benson. Express Messenger Milton was shot several times.

Milton had just delivered his packages for Fairbanks and was going back into his car when he was commanded to open his safe. Instead of complying with the request he grabbed his Winchester and made a brave fight. He succeeded in holding the robbers at bay until help reached him and the robbers were driven away. The robbers did not secure any booty and left, going in the direction of old Mexico.

Milton was brought to Benson and was sent to Tucson on a special train.

Farmer Kept His Vow.

Ennis, Tex., Feb. 16.—In 1892 when cotton took such a decided drop in price M. T. Mills, a farmer living two miles east of town, stored his entire 17 bales in his barn and registered a vow that he would hold it till he could sell it for 8 cents a pound. Since then he has raised cotton and sold at prevailing prices, but continued to hold his old cotton. Joe Hawkins went out to the Mills farm and bought the entire 17 bales, paying 8 cents a pound for it.

Jeffries-Corbett Fight.

New York, Feb. 16.—The date of the fight between James J. Jeffries and James J. Corbett has been fixed as May 14. George F. Considine and William A. Brady, managers of the men, met Tom O'Rourke, manager of the Seaside Athletic club and formally accepted the offer of the Coney Island club for the fight.

Jumped to His Death.

Chicago, Feb. 16.—Paul F. Dogge broke away from the government officers here, leaped over the Dearborn viaduct to the Chicago and Northwestern tracks below and sustained injuries that caused his death a few hours later. The officers were taking him to jail, he having been arrested at his office on a charge of using the mail to defraud.

Report Was Unfounded.

El Paso, Tex., Feb. 16.—T. S. Eldridge, one of the six Americans reported to have been killed by Mexican troops in Sonora, has been heard from. He is alive and well and following his calling as a miner in Sonora. The reported killing has been found to be without foundation. It emanated from the Yaqui junta at Bisbee.

Eight Cent Cotton.

Tyler, Tex., Feb. 16.—Robert Foshee, a farmer, living near Whitehouse, sold 15 bales of cotton which averaged him eight cents per pound. Mr. Foshee thinking there would be a rise in the price of the staple held it for several months.

COMMISSIONERS COURT.

County Treasurer's Report and Tax Levy for 1900.

Among the matters coming before commissioners court yesterday the most important was the report of County Treasurer A. W. Buchanan, which was examined and approved and all scrip cancelled. This report shows the condition of each fund as follows:

Permanent school fund, cash on hand.....\$ 1,057 00
Bonds.....64,457 58
Sinking fund, cash on hand.. 9,138 39
First class fund, cash on hand.....645 87
Public building fund, cash on hand.....1,002 95
Road and bridge fund, cash on hand.....1,712 31
Special third class fund, cash on hand.....29 47
Third class fund outstanding 983 64

The following tax levy for the year 1900 on the one hundred dollars valuation has been made: for county revenue, 25 cents; general road and bridge purposes, 7 cents; to pay interest and sinking fund on bridge bonds, 8 cents; to pay interest and sinking fund on court house bonds, 7 cents; special levy for court house purposes, 5 cents; poll tax for county purposes, 25 cents; total county ad valorem tax, 52 cents; total county tax, 77 cents.

Of Interest to Bryan Merchants.

The following from last Sunday's Galveston News contains information that may be of interest here:

"One of the first effects of the Southern Pacific getting into Galveston over its own rails was to afford better facilities to the wholesale merchants of Galveston to reach points on Southern Pacific lines with less than carload shipments. Heretofore such shipments have been sent to Houston in broken lots, and they laid over in Houston a day to be transferred to the Southern Pacific lines. Beginning one day last week the Southern Pacific began loading solid cars with local freight for several lines, including the H. & T. C. These cars leave Galveston during the night and upon arrival at Houston they are placed in the local freight trains leaving over the respective lines in the morning. Thus, goods from Galveston for local points on these lines are given an even break with goods from Houston, and are no longer subjected to delays in transfer running from 24 to 72 hours.

As noted in the Eagle a few days ago, the contract work on the iron bridge across the Little Brazos river has been completed. The bridge has been examined and formally received by the county commissioners. Thus the court has replaced the last one of the many bridges destroyed by the flood, besides the large amount of work done on the roads of the county. A situation more difficult, and discouraging than that which confronted the court after the flood last year would be hard to imagine, and the wisdom, economy and rapidity with which they have repaired the damage is deserving of the highest commendation.

A violet card party was given yesterday afternoon by Mrs. E. J. Fountain who entertained a number of lady friends at six-handed euchre. Mrs. H. G. Rhodes won the lone hand prize and Miss Roxie Hassell the first prize.

LOST—My copy of Whites's criminal statutes. Any one knowing its whereabouts will confer a favor by reporting same to me. V. B. Hudson. 68

The ladies of the Presbyterian church will give a cake sale today from 8 a. m. to 4 p. m. at the residence of Mrs. Ed S. Derden.

MOLINEAUX SENTENCED.

Re Denounces Yellow Journalism and Scores the District Attorney.

New York, Feb. 16.—Roland B. Molineaux has been sentenced to die in the electric chair during the week of March 26. He was convicted of the death of Mrs. Katherine J. Adams by sending poison through the mails.

He made a statement asserting that he had not been fairly convicted and that "yellow journalism" had put the price on his head.

After denouncing newspapers and making quite an extended argument in his own behalf, he failed either to re-

ROLAND B. MOLINEAUX.

gain composure or control of his temper and went on speaking with remarkable clearness and angry vehemence.

"I denounce and despise," he said, "the act of the district attorney in attempting to vilify the reputation of the pure and lovely woman who bears my name. It was the act of a blackguard and a villainous lie. Now your honor," turning to Recorder Goff, "I am prepared for sentence. I am not afraid."

Recorder Goff in pronouncing the sentence reminded the defendant that his counsel had already presented all the facts to the jury and the court had but one duty to perform.

MOWERS AND REAPERS.

They Are Being Shipped to Siberia by the Ship Loads.

New York, Feb. 16.—Big shipments of machinery are sent to Russia for development of the vast wheatfields of Siberia. Much of the machinery will go to Vladivostok from the Pacific coast ports. The steamer Crewe is loading at Philadelphia mostly with mowers and reapers. The cargo, valued at \$330,000, will be dispatched to New Vorkiesick on the Black sea, from which point it will be distributed throughout Siberia and Russia proper. The steamer Verona will sail from New York direct for Vladivostok. In her cargo will be 125 tons of mowers and reapers.

Suit Against the Public Printer.

Washington, Feb. 16.—Suit at law to recover damages amounting to \$70,000 was instituted here by Walker Given against Frank W. Palmer, the public printer. Mr. Given states that in 1892 the Republicans in congress used his copyrighted book, "The Tariff Riddle," as a document, printing it in the form of speeches in the Congressional Record. Eighty thousand copies of the Record containing his book were printed when after an investigation, its publication was stopped. Arrangements, he says, had been made for the sale of 10,000 copies of "The Tariff Riddle" to the Republican national committee, which refused to buy them, as they could be obtained without charge in the Congressional Record. For this and other sales lost on account of its free distribution, Mr. Given asks for the damages mentioned.

Pueblos Up In Arms.

Santa Fe, N. M., Feb. 16.—W. H. M. Woodward, deputy Indian agent, returned from Santa Anna, Bernalillo county, where he had gone to pacify the Pueblos, who threatened violence to the low line ditch laborers. Mr. Woodward reports there is danger of trouble and bloodshed at Santa Anna, where the Indians have scarcely enough land. The ditch will use 47 acres of their best agricultural land. It is also feared by them that the ditch will appropriate all the water in the Rio Grande, leaving nothing for the present users, and ruining the rich agricultural country around Bernalillo. The ditch has almost reached Santa Anna, and the Indians are arming themselves with Winchester to thwart any attempt to cross their lands.

Bates' Campaign.

Manila, Feb. 16.—General Alfred E. Bates and General Bell, with the Fortieth and Forty-fifth infantry, Keeler's battery and many pack mules, started for the province of Cumarines. The cruiser Baltimore and transports Tartar and Athenian compose the fleet, which, with a gunboat accompanying, will land at Nueva Casceres and sweep the province. It is expected there will be much campaigning in the mountains.

Madison Square Offered Government.

New York, Feb. 16.—The owners of Madison Square garden have offered to sell the building to the government for its uptown postoffice for \$2,500,000, and First Assistant Postmaster General Heath and Postmaster Van Cott look favorably upon the offer. It has been declared that a new postoffice must be opened near the Grand Central station for the handling of the greater part of the mail matter.

Killed by a Train.

Bristol, Tenn., Feb. 16.—John Bays, of Russell county, was struck and instantly killed by a train on the Southern railway near Bristol.

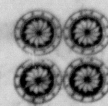

Free of the Plague.

Rio de Janeiro, Feb. 16.—The Argentine and Portuguese ports have been declared free of the bubonic plague.

If mentally we are a part of all that we have met,
Physically we are a part of all that we have eaten;

Hence the paramount necessity of considering the quality of your food.

WHITE CREST FLOUR

Will furnish you a "staff of life" on which you may complacently lean and lend a pitying glance to those who have fed on something "just as good or better for the money." We handle a complete line of the best groceries, and desire to call especial attention to Sweet's Hams, Swift's Breakfast Bacon, White Peeled Asparagus, Asparagus Tips, Marecheno Cherries, White House Coffee, Canned Whole Tomatoes, Cross & Blackwell's Chow-Chow, Sweet Pickled Peaches, Preserves in 1, 3 and 5-pound Jars, Olives, Imported Olive Oil, Pickles and Sauces—a full variety of the best on the market. Lunch Lobster, Pickled Lobster, Shrimp, Deviled Crabs, French Peas, Mushrooms, Concentrated Soups, Evaporated Fruits and Breakfast Cereals in variety. The finest Sugar House Molasses in cans and barrels. These are some of the good things we carry in stock.

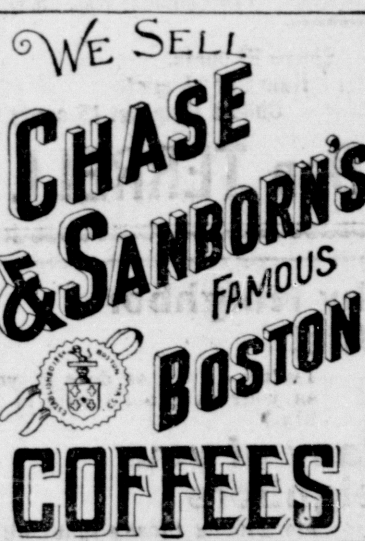

Our line is much larger and we take pleasure in showing our goods and quoting prices.

DR. F. J. ANDERSON, OPTICIAN

OF DALLAS, NOW AT OFFICE OF DR. J. L. FOUNTAIN, BRYAN.

Dr. F. J. Anderson, graduate of the London school of Optics and now located at 215 Main street, Dallas, Texas, may be found at the office of Dr. Fountain from February 14, until February 24, inclusive.

In view of the fact that I am a stranger amongst you and that I intend including Bryan in my circuit and visiting your town periodically, it is only right that I give the names of some of the people who recommend me:

DR. COOK, Mexia—"I have known Dr. Anderson for a long time as an expert optician who is thoroughly up-to-date in every particular. As a man I know nothing against him and know much in his favor. I heartily recommend him."

DR. OATES, Mexia, Texas—"I indorse him all over."

DR. CARRUTH—"I cheerfully recommend him to those needing his service."

DR. HOOPER—"I have known him for years. He understands his work."

THE REV. FRILEY—"Tell the people I recommend you. I wish you well."

DR. DAVID—"I know Dr. Anderson to be a conscientious gentleman. If he cannot do you any good he will tell you so."

I mention the people of the above town because Mexia is the nearest place to Bryan that I have ever visited.

My specialty is the fitting of glasses to all defects of vision, including the following:

1. Inability to read fine print, or to sew, or do any fine work for any length of time, especially by gas or lamp light.
2. Smarting or burning sensation in the eyes.
3. The eyes ache or water, or everything "swims" or becomes "dim" when attempting to use them for a short time.
4. Redness or inflammation of the eyes and lids; there may be only a dull ache or sense of discomfort in or about the eyes.
5. In some cases there is pain in the eyeballs, temple and forehead, also severe periodical headache, often attributed to neuralgia, accompanied frequently by nausea and general nervous and physical prostration.
6. Squinting of the eyes in the effort to see more clearly.
7. A frowning expression brought about by an involuntary effort of the muscles to overcome a defect of the refractive media.

Glasses ground to overcome all errors of refraction.

With Dr. J. L. Fountain until the 24th of this month.
Office hours from 10 a. m. to 12:30, and from 2 to 4 p. m.

Dan TERRELL

Thy Neighbor's Wife!

Isn't your wife as dear to you as your neighbor's wife is to him?

Many of your neighbors

are getting those elegant wife-saving, wife-pleasing,

Singer sewing machines.

They will save you money, too, as well as your wife's health and strength, for with a Singer she will find it a pleasure to do all the family sewing.

Singer Lock Stitch, Singer Automatic.

THE SINGER AUTOMATIC is the newest thing out—the finest thing made. Sewing like lightning with so little exertion you can hardly feel it. Saves a weakly, over-worked woman. No higher in price than the Lock-stitch. I refer to Mr. W. P. Connelly, who has the first one of these elegant Drop Head Singer Automatics ever brought to Bryan. Noiseless and the lightest running machine on earth. Sold on easy payments, or reasonable discount for cash. \$10.00 allowed for your old machine. Either kind of machine left at your home for trial. Call or send for me.

O. L. Miller, Salesman Bryan.

AN APPEAL IS TAKEN.

Governor Taylor Not Satisfied With Judge Taft's Decision.

THE FIRST CLASH.

John Seals, a Louisville Convict, Released on a Pardon Granted by Beckham—More Snits Are Filed in the Courts.

Cincinnati, Feb. 16.—Attorney H. B. Mackoy, with ex-Governor Bradley and others interested in the Kentucky election contest cases, appeared before United States Circuit Court Judge William H. Taft Thursday and filed notice of an appeal from the decision rendered by the latter on Wednesday afternoon. The petition for appeal states that Judge Taft erred in declaring that jurisdiction did not lie in the Federal courts. Mr. Mackoy also brought with him several other petitions, which were brought by the other minor Republican state officials. Judge Taft examined them all and allowed the appeal in each.

A provision of these petitions clearly stated in them is that they shall not hold in abeyance the action of the civil courts of the state of Kentucky of the cases affected by them.

THE FIRST CLASH.

A Convict Released on a Pardon Signed by Governor Beckham.

Frankfort, Ky., Feb. 16.—The clash between the Democratic and Republican branches of the state government was emphasized Thursday night by the prison officials releasing John Seals, a Louisville convict, on a pardon issued by Gov. Beckham. Deputy Warden Punch was acting warden and when the pardon papers were presented to him he ordered Seals released and the latter left the city at once.

Douglas Hayes, a Knott county convict, recently pardoned by Governor Taylor, is still in confinement, the prison officials refusing to recognize Taylor as governor.

The prospect for the legislature getting together and holding regular sessions at the state capitol are conceded to be brighter than at any time since Taylor adjourned that body to meet at London, followed by the removal of the Democratic branch to Louisville.

Suit Against Beckham.

Louisville, Feb. 16.—Following the lead of Governor Taylor, who Wednesday brought suit for injunction against Governor Beckham, claiming to be governor of Kentucky, and General John B. Castleman, claiming to be adjutant general of Kentucky, Lieutenant Governor John Marshall has filed suit for an injunction against Governor Beckham and against Lillard H. Carter, president pro tempore of the senate, now meeting in this city. The suit is similar in its general averments to that of Governor Taylor. No application has yet been made for a restraining order in either case.

Will Return to Frankfort.

Louisville, Ky., Feb. 16.—The Democratic legislature will resume its session at Frankfort on Monday.

Postponed for Settlement.

Frankfort, Feb. 16.—Nothing was done in the case of Beckham against Taylor and Marshall before Judge Cantrell at Georgetown. By an agreement between the attorneys everything is laid over until Feb. 21. In the meantime the hearings in both cases to remain at a stand while the attorneys confer and try to agree on some mode of procedure. The matter will then be brought up before Judge Cantrell at Frankfort on Feb. 23, if no agreement is reached in the meantime.

Walter Kennedy Pardoned.

Houston, Feb. 15.—Walter Kennedy has been pardoned after serving eight months in the pen for killing his uncle, Fayette Wright. While Kennedy was a small child, his father was killed in a difficulty by his brother-in-law, Wright. On his death bed the father told the lad: "You must always remember who killed your father." Fourteen years after, about two years ago, Kennedy rode up to Wright's house in Delta county, and shot him to death. He was convicted and sent to the penitentiary, whence he now goes a free man.

Tombs Ordered Destroyed.

Pekin, Feb. 16.—An imperial edict just issued commands Li Hung Chang to desecrate and destroy the tombs of the ancestors of the Chinese reformer Kang Yu Wei, and offers 100,000 taels for the capture of Kang Yu Wei, dead or alive. Though the edict purports to emanate from the emperor, it is evidently the work of the dowager empress, whose bitterness towards the reformers is thus far evidenced.

Texas and Pacific Prosperous.

New York, Feb. 16.—The directors of the Texas and Pacific Railway company have declared 14 per cent interest on the second mortgage income bonds out of the net income applicable thereto on Dec. 31, 1899, payable March 1. This is the first payment on these bonds since the company's reorganization.

Sulzer Not a Candidate.

Chicago, Feb. 15.—Congressman Sulzer of New York, who has been attending the antitrust conference here, says he is not a candidate for the vice presidential nomination on the ticket with Bryan, but would not disobey the mandate of the party if nominated. He predicts New York to go Democratic next fall.

Varicoid at Huntsville.

Huntsville, Texas, Feb. 14.—Rev. Mellontree, a colored preacher, developed a case of varicoid here, having recently returned from Bryan, where he had been on a visit to his mother. He was moved to the detention camp. Every precaution has been taken and it is not thought there will be any spread of the disease.

The foregoing article is calculated to do Bryan and injustice and is entirely uncalled for, as the negro Melontree referred to has not been in Bryan since March 1899. I am perfectly familiar with this case, having seen the woman who died here last Sunday, who has been sick over a year with general dropsy, which was the cause of her death. There has not been a case of smallpox or varicoid in Bryan since last September, and if a case should occur the public can at any time get information from me. I have never tried to conceal a case of contagious disease from the public, but to the contrary have repeatedly been criticized by some for giving publicity to cases occurring here. I will take occasion to state here that Bryan now is free from contagious diseases, than it has been for over two years. In fact I don't know of any contagious disease existing in Bryan at this time. There were a few cases of scarlet fever here, not more than five or six, in December, and a great many cases of measles—with only one death from scarlet fever which resulted from complications. No deaths from measles. During the year 1899, from January to September, there were over one hundred and fifty cases of smallpox with no deaths. I appreciate more than I can say the confidence shown in me by the people of Bryan and Brazos county, and their assistance and moral support in upholding me in my administration of the unenviable position of health officer, to which is due entirely what success I have had, and they may rest assured that I shall continue as I have in the past, doing my duty without faltering, no matter how irksome or disagreeable, endeavoring to protect my people from contagion.
